About UMT

The University of Management and Technology (UMT), chartered by the State Council of Higher Education of Virginia (SCHEV), is a private university located in downtown metropolitan area in the Washing D.C. of Virginia State, USA. UMT's campus is located in proximity to the White House and Pentagon building.

Arlington, Virginia

UMT provides graduate and undergraduate degree programs and professional development programs to American and international students in modern management and technology areas.

UMT is committed to excellence in management and technology education. Its courses focus on contemporary management and technology issues. Faculty members are carefully screened to assure that UMT instructors possess a balance of scholarly and practical insights on current management practice and technology applications.

UMT is committed to employing modern teaching delivery technology to offer its students the best management and technology education available. UMT faculty and staff have extensive management and education experience working with major universities, companies, nonprofit organizations, and government agencies.

Accreditation

UMT is an institutional member of Council for Higher Education Accreditation (www.chea.org). CHEA is a private, nonprofit national organization that coordinates accreditation activities in the United States. CHEA is largest institutional higher education membership organization in the United States with approximately 3,000 accredited colleges and universities and more than 60 participating national, regional, and specialized accrediting organizations.

UMT is accredited by the Accrediting Commission of the Distance Education and Training Council (DETC, www.detc.org). The Accrediting Commission of the Distance Education and Training

Council is listed by the U.S. Department of Education as a nationally recognized accrediting agency. The Distance Education and Training Council was founded in 1926 and it is the only accreditation body that authorized to accredit universities and schools offering programs outside the United States far from its US based campuses.

UMT is a Global Registered Education Provider of Project Management Institute (PMI, www.pmi.org). With over 100,000 members worldwide, the PMI is the leading nonprofit professional association in the area of Project Management.

UMT is approved by U.S. Citizenship and Immigration Services of U.S. Department of Homeland Security to accept F-1 visa international students to study at UMT's campuses in the United States.

UMT is an approved participating university in the U.S. Department of Defense's DANTES program (DANTES, www.voled.doded.mil) to provide education programs to US military personnel.

UMT is approved by the U.S. Department of Veterans Affairs to participate the Montgomery G.I. Bill program (www.gibill.va.gov). The G.I. Bill Program provides education benefits for eligible military personnel, both veterans and active duty personnel. UMT is a strategic partner of the Defense Acquisition University (DAU, www.dau.mil).

Global Network

UMT collaborates with a number of prestigious universities around the world to offer their undergraduate and postgraduate programs:

Australia

UMT cooperates with **Australian Graduate School of Management (AGSM)**, which is the business school for both The University of New South Wales and The University of Sydney. Academic Dean of UMT, Dr. J. Davidson Frame presented a variety of topics in Sydney and Melbourne over the years.

Greater China

UMT works with **Beijing University**, the best university in China to offer their MBA in Project Management for 5 successful intakes. For details please go to <http://www.umat-pmedu.com.cn/>

北京大學

UMT teams up with **East China University of Science and Technology** to offer their highly successful master programs in project management.

United Kingdom

UMT offers degree programs in cooperation with **Warwick University** in the United Kingdom.

Distinguished Academic Team

UMT's faculty team represents diverse backgrounds with members having taught and earned their advanced degrees from some of the top universities in the world.

J. Davidson Frame, PhD, PMP

Academic Dean

- *Member of Board, Project Management Institute*
- *Vice President, YCG*
- *Former Professor at The George Washington University*

C. Eric Kirkland, PhD

Vice President of Operations

- *MBA, University of Pennsylvania*
- *PhD, University of Virginia*
- *Former Vice President and Director of Grantham University*

Bahram Bahramian, PhD

- *Taught at Columbia University, Purdue University, and University of Dayton in Ohio*
- *Ph.D. and B.S., civil engineering and systems design, University of Birmingham, England; M.A., University of Dayton; advanced post-doctoral diploma in systems management, Massachusetts Institute of Technology*

James Lewis, PhD

- *B.S. in Electrical Engineering and a Ph.D. in Psychology, North Carolina State University*
- *An experienced project manager who teaches seminars and publishes many books on project management.*

Program Features

- Can be completed within one year. Opportunity to join UMT's extensive alumni network in China with over 2000 graduates.
- Flexible Learning mode (Web-based Learning platform, Distance Learning, Tutorial)
- Tutorial supports by qualified local tutors. UMT course supervisors and teaching assistants will monitor and facilitate instruction and guide students in the use of resources available in Hong Kong and the US.
- Instructional materials for distance learning will be provided to facilitate students' learning. Free access to UMT's on-line platform and library.

Program Structure

The UMT MSIT program consists of 12-course (36 credit-hour).

Advances in information technology have brought fundamental changes to business and government worldwide. Technology is no longer the exclusive realm of specialists. Managers in organizations that rely on IT must develop knowledge, skills, and abilities in the core areas of IT as well as complementary management knowledge, skills, and abilities. The Master of Science in Information Technology (MSIT) program is an interdisciplinary degree that achieves these dual educational goals.

Students entering the program are expected to be familiar with at least one programming language and to have completed at least one semester of statistics. It takes a minimum of 36 semester credit hours to complete the MSIT degree. The MSIT program consists of Core Courses covering the foundations of computer science and information technology and Concentration Courses covering specific knowledge in a predefined concentration. Students pursue one of three concentrations: IT Management, IT Project Management, or Management Information Systems.

Master of Science in Information Technology (MSIT)

(3 credits each)

CST 230	Computer Architecture
CST 282	Information Technology Project Management
CST 290	Database Management Systems

Tuition Refund Policy

A student may request course cancellation in any manner, but the university strongly advises such requests to be in writing by email, fax, or mail. The refund is calculated based on the postmarked date that a student's cancellation is mailed or the date that an email or fax request is received by UMT.

Cancellation after Seven Days: If a student requests cancellation after the above seven days, UMT shall refund the proportion of the tuition paid, according to the following schedule:

Cancellation Date After	Refund Amount
1st week (seven days) of the course	80%
2nd week (fourteen days) of the course	60%
3rd week (twenty-one days) of the course	40%
4th week (twenty-eight days) of the course	20%
5th week (thirty-five days) of the course	None

Refund Payment: Refund payment will be made within 30 days from the cancellation date.
